ABOUT THE STUDIO

Our Cambridge Studio is located between Harvard and Central Squares on Massachusetts Ave., with a myriad of architectural destinations and furniture galleries situated in the immediate area—thanks in large part to both Harvard University and MIT. The 2,200 square foot Studio is home to many of our most iconic designs, along with a varied assortment of bedroom and workspace designs, outdoor furniture, accessories and lighting. Studio Proprietor Anna Crittenden will provide personalized assistance with her knowledgeable and friendly staff.
